Introduction

Passenger Ferry Safety Course & Assessment for Masters and Chief Officers of passenger ferries with knowledge of port environment and safe navigations within port limits.

For Whom

Masters and Chief Officers of passenger ferries plying in and out of Singapore Port.

Course Coverage

The course covers the following topics:

- Port environment
- Navigation in the vicinity of dangerous areas
- Communication during emergencies
- Port Marine circulars and notices
- Case studies of groundings and collisions in port involving passenger ferries

Pre-Requisite

Employed by a local ferry operator as Master of Chief Officer on a passenger ferry.

Certification

Passenger Ferry Safety Training Course certificates will be awarded to the participants who have successfully completed the course.
