VISION

To be the preferred Private Education Institution (PEI) of choice.

MISSION

STeI will offer high quality, cost-effective and relevant courses to meet the needs of our clients.

OUR VALUES - ELITE

PURSUIT OF EXCELLENCE

To be the best in all we do, continually striving for the highest professional standards achievable.

LOYALTY

Being committed to the organisation, to one another and to our customers, at all times. Striving for cohesiveness and caring for one another.

INNOVATION

Creative, being open to embrace change. Encourage, nurture ideas and initiatives to better organisational and individual performance.

TEAMWORK

Be responsible and take accountability seriously; be reliable and dependable to the Team.

ETHICS AND INTEGRITY

Be a role model in character and conduct; uphold STeI's Ethical standards.

OUR CULTURE - SEARCH

Shared sense of purpose and values that is consistent across all members of STeI.

Emphasising importance of staff learning and focusing on continuous improvement in STeI.

Accentuating sense of responsibility for student's learning.

Recognition of staff members' excellent effort and celebrating their successes.

Collegial and collaborative relationships among staff members.

Harnessing strengths through professional development, staff reflection, and sharing of best practices

WELCOME MESSAGE

A very warm welcome to STEi Institute.

As a prospective student, you may face multi-faceted challenges. A key question that typically races through one's mind is, "Where can I secure relevant, reliable and professional educational qualification?"

We are fully conscious of the immense responsibilities placed on us and we will do our utmost to build on the rich legacy and solid reputation to provide quality services.

CHRISTINE TAN
STEi Institute
Principal/Managing Director

WHO WE ARE

We are a Private Education Institution that has established itself as a credible and astute service provider with sound governance and financial standing.

Our team of dedicated lecturers are subject matter experts in both industry practices and didactic approaches to meet your learning needs. Our school also include excellent facilities in a conducive learning environment that meet the standards set by the governing authorities.

QUALITY POLICY

We, at STEi Institute are fully committed to the provision of high quality, cost-effective and relevant education and training courses for our students and the industries.

At STEi, quality is everyone's responsibility. We take pride in our work and emphasise on problem prevention rather than correction. We are committed to comply with the requirements of our clients, and to continually improve our service quality based on feedback and established benchmarks.

STEi adopts a comprehensive Quality Management System (QMS). All STEi staff must comply with the QMS and strive to continuously improve our quality processes in the most competitive and effective manner.

OUR CAMPUS

STEi Institute occupies an area of more than 10,000 sq ft and is located in the city area which is accessible by various means of transportation. All our classrooms, workshops and resource room are wireless surf-zone, students can surf the internet through computer stations, own laptops or smart phones anywhere in the institute. The Resource Room/Library is equipped with computers & resource materials for students' research and self-development purposes. STEi workshops are mock-up of restaurant setup, cocktail bar and hotel room.

HOMELAND SECURITY & COUNTER-TERRORISM

The Specialist Diploma provides students with an overview of the key issues in Homeland Security and Terrorism from strategic as well as operational perspectives.

SPECIALIST DIPLOMA IN HOMELAND SECURITY & COUNTER-TERRORISM

SDHS 1101 FUNDAMENTALS OF HOMELAND SECURITY

This module provides students with an overview of key issues in Homeland Security. The key topics covered include the principles of Homeland Security and emerging security issues.

SDHS 1102 SECURING IN LAND AND IN THE AIR

This module orientates students with the key issues in securing land transportation and the aviation sector. Students will explore the issue of Land Transportation Security in close detail through case studies of historic incidents, analyse tactics used by terror groups to target land transport and explore counter measures through case studies.

SDHS 1103 SECURING THE SUPPLY CHAIN AND MARITIME SECURITY

This module provides students with the understanding of the key issues in Supply Chain and Maritime Security. Students will examine how the ISO 28000 standard formulated by the International Standards Organisation is used to manage security of the supply chain, and get a strategic outlook of the key threats in the maritime sector followed by an examination of the International Ship and Port Security Framework (ISPS) for maritime security.

SDHS 1104 SECURING THE HOMELAND AND ENSURING CONTINUITY

This module centres on the discussion of three key topics, Evolution of the Private Security Industry, Facility Security Management and Ensuring Business Continuity. It provides practitioner's perspective on realistic issues in loss prevention and facility security management - management of security personnel, and analysis of existing security procedures and best practices. Students will analyse how business continuity management practices used by the industry can be utilised by states to provide effective continuity in a crisis aftermath.

SDHS 1105 IDENTIFYING RISK AND MANAGING ITS IMPACT

This module centres on a discussion of the prevalent models and methodologies of security management. The objectives, strengths, characteristics and applications of the various elements in the assessment of threats, vulnerabilities and impact will be identified and scrutinized, up to the final identification of a resulting risk profile which will determine the appropriate security strategies and measures.

SDHS 1106 PROTECTING THE CRITICAL INFRASTRUCTURE - UNDERSTANDING METHODS AND APPLICATION

This module aims at providing students with the understanding on how technology acts as the force multiplier in ensuring security through the implementation of physical and electronic security measures such as surveillance and sensors, barriers and others. The potential and constraints of the role and use of technology will be discussed.

HOMELAND SECURITY & COUNTER-TERRORISM

The Specialist Diploma provides students with an overview of the key issues in Homeland Security and Terrorism from strategic as well as operational perspectives.

SPECIALIST DIPLOMA IN HOMELAND SECURITY & COUNTER-TERRORISM

SDCT 1101 INTRODUCTION TO COUNTER-TERRORISM

This module aims at providing students with an introduction to some of the critical issues in contemporary Counter-Terrorism. The key topics covered include evolution, history, primer, modern concepts of terrorism, strategy and counter-terrorism.

SDCT 1102 UNRAVELING TERROR

This module aims at providing students with the understanding on the various aspects of terrorism organisation, ideology and financing. Students will be acquainted with how terrorists may exist and examine differences in ideology before delving into the issue of terrorist financing and its increasing global significance.

SDCT 1103 UNDERSTANDING THE REGIONAL THREAT AND CHARTING A WAY AHEAD

This module allows students to examine the major terrorist groups posing threat to the South East Asian and South Asian regions - their history, tactics and operational and strategic trends.

SDCT 1104 THE EVOLVING THREAT OF TERRORISM AND ITS SOCIAL IMPACT

This module examines the growing concern of an evolving nexus between terrorism and organised crime, and the social impact of terrorism. Students will analyse the converging factors between terrorist groups and criminal syndicates and understand its potential implications on issues such as terror financing and proliferation of narcotics.

SDCT 1105 THE TERRORIST THREAT: LOOKING BEYOND

This module examines the key factors that play a critical role in contemporary counter-terrorism. Students will be introduced to the role of intelligence services in counter-terrorism and examine its various components as well as the 'Intelligence Cycle' in details.

SDCT 1106 TOWARDS A STRATEGIC APPROACH IN FIGHTING TERROR

This module provides students with the understanding of one of the most critical non-kinetic measures in counter-terrorism which involves engagement with the community, and strategic communication to counter radicalization and the development of terrorism. Students will identify and analyse successful community engagement initiatives through various case studies.
